Driving transformation in healthcare and financial services Sergeant Maior Geyer is one of the most professional Non-Commissioned November 15, 2008, John Was George's Clerk Officers I have ever had the pleasure of working with. He is an exceptionally talented soldier who makes things happen. SGM Geyer and I have spent many long hours together working on plans to develop the potential of our soldiers. He has a rare combination of tactical focus and strategic vision. As a Battalion Commander, I often found the counsel of SGM Geyer to be invaluable; I was extremely fortunate to have such a high calibre NCO on my executive team
